Message from the Chair

Dear Members, Partners, and colleagues,

[IAMRA Symposium 2024 – Save the date!](#)

We are excited to announce that we are hosting a one-day, in-person IAMRA Symposium on **Friday 20 September 2024**. The symposium will be held immediately after, and at

the [same location](#) as, the [Council on Licensure, Enforcement and Regulation's Annual Educational Conference](#) in **Baltimore, Maryland, USA**. We are very grateful to our CLEAR colleagues for working closely with us to facilitate this. It means that you will have the option of attending both the CLEAR conference (September 16-19) and the IAMRA symposium if you wish. These meetings will be offered at discounted rates for those who attend both.

The symposium will focus on the topic of artificial intelligence (AI). We will consider the role of the medical and health practitioner regulator when AI is used by healthcare providers and in particular, we will discuss issues of ethics and accountability. In addition, we plan to discuss areas of our work where AI could support our regulatory role and functions.

[Webinar series](#)

Our first webinar for 2024 will be:

- **Topic: What makes a Good Board Member**
- **Date: February 20 or 2021, 2024** -please check the Time and Date [website](#) for your local date/time for this event.
- **Chair:** Dr. Heidi Oetter, Immediate Past Chair, IAMRA
- **Panel members:**
- Dr. Anne Tonkin, Chair, Medical board of Australia
